

GOODBYE Passwords

Passwordless authentication by Duo, enabling users to skip the password and securely log into cloud applications via security keys or platform biometrics such as Apple FaceID, TouchID and Windows Hello. Available for public preview this summer with general availability by year's end!

Software-delivered solution, **ThousandEyes**, provides technology teams greater visibility of what is happening anywhere across their networks and Cloud. ThousandEyes Enterprise Agent is natively embedded within the Catalyst 9300 and 9400 series switches and activated when a customer is subscribed to a DNA Advantage or Premier software license.

Full-stack observability

Network-as-a-Service (NaaS)

CISCO PLUS

Available mid-year 2021, the Cisco Plus Hybrid Cloud solution as-a-service includes Cisco's entire data center compute, networking and storage portfolio in addition to third-party storage and software, bridging on-premise, edge and public cloud.

To help people work smarter, combat burnout and drive more inclusive work experiences, today Cisco Webex announced advancements to the **People Insights** feature. People Insights are for you (not your boss) allowing you to tailor your collaboration with coworkers and focus your time on what matters most. Cisco announced new cloud pricing for Webex desk and room devices, with up to 50% lower cost.
